

Alfred WATTS & Caroline ROKASKY & Elizabeth SIDDELL

Alfred WATTS 1850-1936

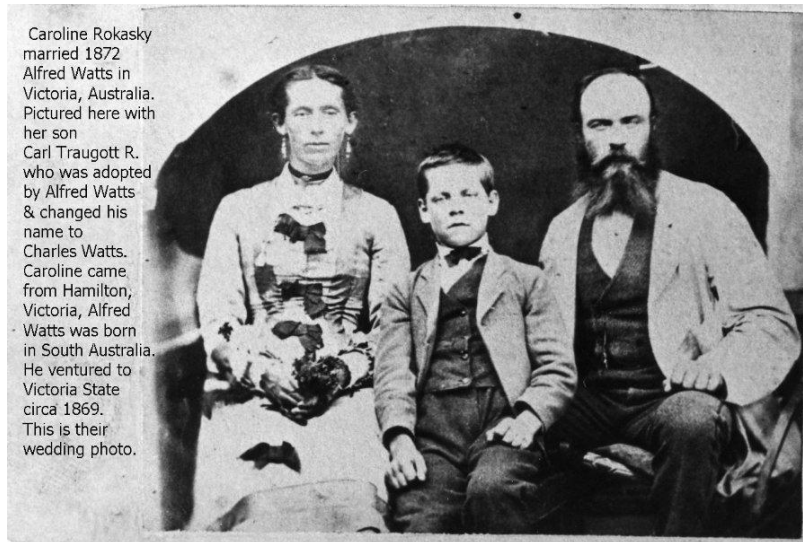

8th child of John WATTS & Ann Nancy AVERY
born 20 Feb 1850 at Hindmarshtown, South Australia.

In 1857, the family moved to the Nairne district. In 1868, his sister Martha and her husband George Harris left for the Wimmera district. Also in 1868, William WATTS and his wife Annie ALCOCK moved to the Wimmera District.

Around 1870, at the age of 20 years, Alfred left to join the others in the Wimmera. Two years later he had married and settled in Natimuk near Martha and George.

In 1872, Alfred married Caroline ROKASKY

Caroline Rokasky married 1872 Alfred Watts in Victoria, Australia. Pictured here with her son Carl Traugott R. who was adopted by Alfred Watts & changed his name to Charles Watts. Caroline came from Hamilton, Victoria, Alfred Watts was born in South Australia. He ventured to Victoria State circa 1869. This is their wedding photo.

It was Caroline's second marriage. She had a son Carl Traugott Rokasky, who was born in 1869. Carl was adopted by Alfred and changed his name to Charles WATTS.

I haven't researched Alfred's later life, but family sources have Alfred marrying Elizabeth Sarah SPENCE (nee SIDDALL) and that they had five children. Family sources also have Alfred marrying Miss GOODE. It is also possible that Alfred had as many as 9 children (listed below). I have not researched this thoroughly so the list below must be considered as a work in progress (unverified).

Alfred was living in Warracknabeal in 1895 and died in 1933

Elizabeth Siddell, (nee Spence), 2nd wife of Alfred Watts, widower, m. Victoria, Australia. Five children with Alfred. Elizabeth Watts died Warracknabeal, Victoria.
